

eGIS Associates designated an Esri Release Ready Specialty Partner

Dacula, Georgia, January 30, 2019 – eGIS Associates is excited to announce that we have been designated as a Release Ready Specialty partner by Esri. The Release Ready Specialty identifies eGIS Associates as having industry expertise and solutions, services or content offerings built around ArcGIS latest capabilities. In short it means we know how to help organizations plan, implement and use the latest technologies from Esri such as ArcGIS Pro, ArcGIS Enterprise, ArcGIS Online and more.

“This is a big accomplishment for us. It shows Esri recognizes all the effort and time our team puts into staying abreast of their growing technology stack and how it can be used to improve the way our clients use the ArcGIS platform.” says Tripp Corbin, CEO of eGIS Associates. He continues by adding *“I am very proud of the eGIS Team. At the pace technology is changing, it is no small feat to stay at the top of the pack when it comes to knowledge, skill and expertise. I know our clients appreciate this as well.”*

To become a Release Ready Specialty Partner, eGIS Associates had to demonstrate expertise on the latest Esri products. We were able to do this easily with our current list of services and training classes which included:

1. [Geospatial Road Map](#) – Assessment of an organizations GIS Implementation including hardware, software, database, workflows and staff which provides a strategic Road Map of recommendation to take your GIS to the next level.
2. [FlightPlan for ArcGIS Online](#) – Assessment and assistance to help your organization implement and get the most for Esri’s cloud solution
3. [Enterprise Design & Implementation](#) – Our GIS and IT pros help organizations design and implement Esri enterprise solutions such as ArcGIS Enterprise, Insights, Portal and more.
4. [Training & Support](#) – We have a catalog of over 30 course we have developed from beginner to advanced users across the entire ArcGIS Platform including ArcGIS Pro, Arcade, Python, ArcGIS Enterprise and ArcGIS Online.

eGIS Associates is working to earn additional Esri specialties to recognize all the skills and expertise our team has supporting the GIS community and our clients. If you want to learn more about the Release
